- **Slow Drying - Longer Working Time**
- **Leaves a Great Orange Fragrance**

## ACO-660

# AEROSOL CALIFORNIA ORANGE™

### FEATURES AND BENEFITS

This is the aerosol version of our popular California Orange™. It is a heavy duty, organic tar & wax remover, degreaser and deodorizer. Its natural, non-petroleum formula is powerful enough to meet all critical cleaning requirements in most industries while still being safe and non-toxic. Its biodegradable and is blended from natural citrus terpenes that work like petroleum solvents. It has powerful degreasing abilities and contains surfactants and coupling agents that allow this concentrated solvent to dilute and rinse easily in water. Removes tar, wax, graffiti, felt pen marks, indelible ink, scuff marks, gum, asphalt, silicone, oil, grease, tape & adhesive residue, cosmoline, paint overspray, organic fallout, bug residue and other contaminants. Among these other features, it has great deodorizing qualities. It meets and exceeds most cleaners' performance standards with a degree of safety, both environmentally and with personnel, not found in petroleum solvents, cleaners and degreasers.

### RECOMMENDED FOR

Auto, industrial, janitorial and household cleaning applications as a replacement

for petroleum solvent, cleaners and degreasers. Removes tar, wax, graffiti, felt pen marks, indelible ink, scuff marks, gum, asphalt, silicone, oil, grease, tape & adhesive residue, cosmoline, paint overspray, organic fallout, bug residue and other contaminants.

### APPLICATION

**Directions: Shake well before using.** For your protection safety glasses and rubber gloves are recommended while using this product. When this product comes in contact or is diluted with water, it develops into a milky appearing liquid. For best results, use when can is between 70° and 90°F (21° and 32°C). Point opening of spray button toward object to be cleaned, holding can 8 to 12 inches (20 to 30 cm) from surface. Press spray button firmly and spray liberally. Allow to penetrate for 1 to 2 minutes. Rinse off with high pressure water or wipe surface clean with toweling. Repeat steps if necessary. If clogging develops, turn spray button 1/4 turn. If clogging persists, remove and clean spray button with a twisting motion, holding top of can and spray button opening pointed away from you.  
**Tar/wax/silicone/adhesive:** Spray directly on surface or saturate a clean, white cloth and wipe the affected area. While surface

is still wet, wipe off immediately with a clean, dry cloth.

**Graffiti and felt pen marks:** Spray on and let sit for 1 minute. Agitate with a brush or sponge and rinse clean with high pressure water.

**Heavy duty degreasing:** Spray or wipe onto parts/equipment and agitate with a brush. Rinse clean with high pressure water.

**Spots/stains:** Carpets, mats, fabric & upholstery. Apply to stain and let sit for 1 minute. Blot with a clean, white cloth or remove with an extractor.

**Odor Control:** Spray trash cans, dumpsters, refuse dumps, etc.. and rinse clean with high pressure water.

### SPECIAL NOTES

NOT for use on lexan or clear plastic surfaces. May damage some plastic, rubber and painted surfaces. Test on inconspicuous area before general use.

### PACKAGING

20 oz. aerosol/12 per case  
Gallon/4 per case (C-66)  
5 Gallon Pail (C-66-5)
