AEROSOL VINYL & CARPET SPRAY

FEATURES AND BENEFITS

Burford's® AEROSOL VINYL & CARPET SPRAY revitalizes worn, faded, or stained surfaces quickly and easily. Its unique formula bonds with the material to create a tough, permanent, yet flexible coating of brilliant color that resists moisture and fading. AVC Spray covers stains, water spots and faded or worn areas on carpets, mats and upholstery. Also restores scratched, worn and faded areas on vinyl tops and seats, headrests, door panels, bumpers and other hard plastic surfaces. AVC's are easy to use—just point and shoot. Burford's® factory matched colors contain strong pigments with special plasticizing agents that lay down a permanent coating that is pliable and resists cracking. The solvent base formula dries in minutes for a new, beautiful, fade

resistant appearance. Burford's® AVC's are a must for final detail work. Available in 13 factory colors.

RECOMMENDED FOR

Burford's® AVC's are designed and formulated to renew carpet, vinyl, plastic and artificial leather. Recommended for restoring automotive interiors: seats, carpets, headliners and door panels. Also great for exterior use on bumpers, trim, grills, vinyl tops, tonneau covers, as well as marine, aircraft, RV and home craft use.

mixing ball moves freely. Continue to shake for a full minute. Hold can 12 to 15 inches from surface. Spray back and forth rapidly. Spray one light coat at a time and let dry. On carpets, spray, let dry and brush lightly with a stiff brush to restore softness and texture.

SPECIAL NOTES

Use PRO® AAO-500 Aerosol Awesome Orange™ to pre-clean surfaces. After using AVC, hold can upside down, press button to clear tip and dip tube to prevent clogging for future use.

APPLICATION

Pre-clean all surfaces to be treated. For best results, spray at room temperature, not below 70 degrees. Shake can until

PACKAGING

16 OZ. CAN/12 PER CASE
