C-11 CYCLONE™ ENZYME CLEANER

FEATURES AND BENEFITS

A multi-surface cleaner designed for use with the Tornador® Cleaning Tool. This ready to use cleaner contains Protease enzymes to break down protein-based stains such as food, grass, soil, blood and pet stains and helps remove them permanently. Also effective for eliminating odors caused by dampness, mildew, mold, food, urine and organic matter. Penetrates the surface to lift and suspend soil, even old stains. Cyclone™ Enzyme Cleaner is a stain remover, enzyme digestant and deodorizer recommended for spot cleaning and deodorizing carpet, fabric, upholstery, textiles, vinyl and synthetics. Can be used as pre-spot treatment before shampooing on tough protein spills like blood, eggs and milk. Leaves no tacky film or residue.

RECOMMENDED FOR

May be used on carpet, upholstery, leather, synthetics, textiles, concrete, cinder block, porous surfaces, grout joints, painted surfaces, garbage cans & trucks, waste containers, mattresses and all water-safe textiles, linens and surfaces.

Automotive Use: Detail Shops, Dealerships, Car Washes, Body & Paint Shops, Car/RV Rental Agencies, Transportation Companies (Bus, taxi, Limo, Train) and Emergency Vehicles.

Institutional Use: Animal Shelters, Restrooms, Carpet Cleaners, Prisons, Clinics, Hospitals, Schools, Office Buildings, Hotels/Motels, Restaurants, Waste Facilities, Nursing Homes.

APPLICATION

In Tornador® Cleaning Tool: Add 32 oz. of C-11 Cyclone™ Enzyme Cleaner to the 1000 line on Tornador® cup. Turn liquid/air switch to upright position to deliver the solution. Hold cleaning nozzle 1-3 inches from the area to be cleaned.

Begin a back and forth action over the affected area until clean or stain has been removed. Turn the liquid/air switch to down position and dry the treated area. Follow with soft, clean towel.

In Quart (32 oz.) Container: Fill quart container with C-11 Cyclone™ Enzyme Cleaner. Attach trigger sprayer; lightly shake. Pre-vacuum or dry brush area to be cleaned. This will help separate cloth fibers. Spray affected area and allow to dwell for 2-3 minutes. Use preferred method to agitate or follow with Tornador® Cleaning Tool. Follow with soft, clean towel.

SPECIAL NOTE

Optional Step for Rinsing: Fill Tornador® Cleaning Tool cup with water only and proceed with rinsing followed by air drying step.

PACKAGING

Gallon/4 Per Case
