C-27-Q GLASS POLISH

FEATURES AND BENEFITS

You have polished the whole car, so why stop now? C-27-Q is a fast acting liquid polish formulated for quick and easy clean-up of all glass and bright metals. Made with very mild abrasives, C-27-Q will not only polish but also clean in a matter of minutes. Glass Polish contains special ingredients which help to protect the surface and prolong the shine. Forming a protective screen C-27-Q repels sun, rain, snow, dirt and other harsh elements. Glass Polish leaves a protective coating on the surface for easy maintenance. Will leave no film, smears or streaks. C-27-Q contains no acids so it will not burn or damage the finish.

RECOMMENDED FOR

C-27-Q tackles the toughest jobs with ease. Glass Polish cuts through grease, oil, dirt and road grime with no problems in all weather conditions. Excellent for cleaning and polishing plate glass, automotive windshields, tinted windows and mirrors. Removes water spots and other blemishes on glass, caused by hard water deposits, acid rain, bird droppings etc...
For chrome and bright metal, C-27-Q removes stubborn water spots, surface rust, tarnish and light oxidation. Produces a deep, lustrous shine to all bright metals. Hundreds of uses around home.

APPLICATION

SHAKE WELL BEFORE USING. Pre-clean surface with C-13 super glass gleam and a PT-8, Micro fiber towel. Apply C-27-Q to a damp (not wet) cloth or sponge. Apply to surface. Let dry to haze. Wipe to a high luster with clean, soft towel.

SPECIAL NOTES

Use C-27-Q sparingly on all surfaces. Glass Polish is also excellent for tile, porcelain and stainless steel. For stubborn rust areas on chrome and bright metal, use fine steel wool.
