YOUR **3** STEP GUIDE TO MAINTAINING A BEAUTIFUL FINISH

WASH VEHICLE FREQUENTLY

Contaminants build up quickly and can damage the paint surface if not removed. See your local car wash or detail shop regularly to maintain the clean, new look of your vehicle.

EXPRESS WAX EVERY TWO MONTHS

An express wax maintenance program ensures excellent gloss and protects against UV rays, corrosion, road grime and harsh weather conditions, sustaining the beauty of your vehicle's paint finish between conventional exterior detail jobs.

GET A FULL SERVICE DETAIL ONCE A YEAR

Your vehicle is one of the largest investments you will ever make. Don't limit your appearance maintenance service to the exterior. Dealers using PRO® Products are certified professionals who know the proper techniques on how to keep your entire vehicle, from the interior to the engine compartment, looking showroom new.
