## SILIGON™ NON-SILICONE COATING

### Product Description:

Easy to use, aerosol exterior coating that is body shop friendly. Its non-silicone formula is a special blend of natural oils which produce a high gloss shine on all types of surfaces. Restores the new car look to faded vinyl and plastic without the worries of airborne silicones. Eliminates fish-eye and paint contamination problems. Use on bumpers, mouldings, weather seals, side view mirror housings, windshield cowlings, splash guards, vinyl tops, vinyl interiors, door panels, dashboards and kick panels. CONTAINS NO SILICONE. BODY SHOP SAFE. NPE-FREE. PHOSPHATE-FREE. VOC COMPLIANT.

### Product Details:

Body Shop Safe  
Ready To Use  
NPE Free  
Phosphate Free  
Color: Clear Mist  
Fragrance: Solvent

### Packaging:

20 Oz. Can: ANS-880

### Features & Benefits:

Body Shop Friendly - Non-Silicone Formula  
Creates Instant High Gloss Finish on Plastic, Vinyl and Most Other Exterior Surfaces  
Formulated With Fast Drying Solvent Carrier Which Allows Oils To Lay Down Immediately  
Eliminates Airborne Silicones, Fisheye and Paint Contamination Problems

### Application: *Shake well before using. Read label before use. See SDS for more information.*

Hold can in upright position, 8-12 inches from surface. Point opening of spray button toward object to be dressed. Press spray button firmly and spray liberally.

**Exterior:** Spray thin mist evenly on a clean, dry surface and let dry.

**Vinyl & Plastic:** Apply to applicator pad and wipe product on pre-cleaned surface and let dry.

### Helpful Tips:

Keep from freezing (32 °F/0 °C). For best results, can and material should be at room temperature, 70°F (21°C). Do not use on clear plastic (instrument panels), vehicle controls (pedals, grips, steering wheel). Not recommended for use on engine compartments.

### Safety Data Sheet:

GHS Compliant. SDS can be found online at [www.prowax.com](http://www.prowax.com).
