## MIRACLE WAX CREAM™

### Product Description:

One-step cleaner wax is a rich, creamy blend of carnauba and other fine imported waxes, coupled with two durable polymer resins. Its micro abrasive system safely removes dull film, oxidation and light scratches on all painted, gel coat, fiberglass, chrome and aluminum surfaces. Leaves a deep, lustrous Carnauba Wax shine that lasts for months. Use on autos, boats, trucks, RV's, buses and more. For hand or machine use. Safe for all types of paint finishes. VOC COMPLIANT.

### Product Details:

VOC Compliant  
NPE Free  
Phosphate Free  
pH: 9.1  
Color: Rouge  
Fragrance: Floral

### Packaging:

Pint: P-57-P  
Gallon: P-57

### Features & Benefits:

Cleans, Polishes & Waxes in One-Step  
Carnauba Wax and Premium Polymers Provide Maximum Gloss & Protection  
Removes Light Oxidation, Fine Scratches and Buffer/Swirl Marks

**Application:** *Shake well before using. Read label before use. See SDS for more information.*

**Hand Use:** Apply product to a clean microfiber wax applicator and spread evenly over small area of painted surface, rubbing well in a circular motion. Let dry to a haze (about 1 min.) and wipe off with a clean microfiber towel. Polish by hand to a high gloss, turning towel while wiping down.

**D/A Polisher:** Use a PRO® YU-6 Yellow Polish/Finish Pad. For more aggressive action, use a PRO® BW-6 Black/White Microfiber Polish Pad. Apply product to pad. Set D/A polisher speed to 4-5. Turn on polisher and buff with adequate pressure, spreading product evenly over surface. As product disappears, reduce pressure and polish to a glossy finish. Clean pad often to remove contaminants.

**High Speed Buffer:** Use a RV-85-C Charcoal Foam Polish Pad. Apply product to pad and spread evenly over small area of paint surface before buffing. Buff with adequate pressure @ 1500-2300 rpm. As product disappears, reduce pressure and polish to a high gloss finish. Clean pad often to remove contaminants. For added protection, finish with P-36 Cherry Finishing Wax™, P-63-Q Poly Gard™ or P-82 Carnauba Creme Wax™.

### Helpful Tips:

Keep from freezing (32 °F/0 °C). Do not apply in direct sunlight or onto a hot surface. Polish one section at a time.

### Safety Data Sheet:

GHS Compliant. SDS can be found online at [www.prowax.com](http://www.prowax.com).
