REFLECT-IT™ CORRECTION CREME

Product Description:

This medium-cut correction creme restores depth of gloss and color while leaving a surface free of swirls or compound haze on all types of paint finishes. Formulated using an advanced blend of diminishing, micro synthetic silica abrasives, Reflect-It™ quickly removes 2000 - 3000 grit sand scratches, cobweb scratches, swirl marks, water spots and other paint imperfections. Reflect-It™ produces best results when used with dual action polishers and the PRO® D/A foam pads. Produces a clean paint surface ready for final finishing. Reflect-It™'s high lubricity formula produces minimal dust and does not sling. For machine use only. BODY SHOP SAFE. VOC COMPLIANT.

Product Details:

VOC Compliant
Body Shop Safe
NPE Free
Phosphate Free
pH: 7.1
Color: Grey
Fragrance: Floral

Packaging:

Pint: P-5-P
Gallon: P-5

Features & Benefits:

Advanced Diminishing Abrasive Technology
Removes 2000 - 3000 Grit Wet Sand Scratches, Fine Swirls & Moderate Defects
Produces an Extremely Reflective, High Gloss, Wax-Ready Finish
No Sling and Minimal Dust for Easy Clean Up
Body Shop Safe - Contains No Wax

Application: *Shake well before using. Read label before use. See SDS for more information.*

D/A Polisher: Use a PRO® YU-7-C D/A Yellow Polish Pad. For more aggressive action, use a PRO® BU-7-C D/A Blue Compound Pad. Apply product to pad. Set dual action polisher to 4-5. Turn on polisher and buff with adequate pressure, spreading product evenly over surface. As product disappears, reduce pressure and polish to a glossy finish. Clean pad often to remove contaminants.

High Speed Buffer: Use a PRO® OV-85-C Orange Foam Compound Pad. Apply product to pad and spread evenly over small area of paint surface before buffing. Buff with adequate pressure at 1200-1800 rpm. As product disappears, reduce pressure and polish to a high gloss. Clean pad often to remove contaminants. Follow with the appropriate PRO® buffing pad and P-21 Swirl Eliminator™ & Polish. Finish with P-36 Cherry Finishing Wax™, P-63-Q Poly Gard™ or P-82 Carnauba Creme Wax to seal in depth and clarity with long term protection.

Helpful Tips:

Keep from freezing (32 °F/0 °C). Safety glasses and NIOSH approved dust mask are recommended while machine buffing this product. Do not apply in direct sunlight or onto a hot surface. For best results, wash vehicle exterior using PRO® C-60 Super Car Wash. Polish one section at a time.

Safety Data Sheet:

GHS Compliant. SDS can be found online at www.prowax.com.
