

P-9-Q Allura™ Final Finish Wax

Allura™ Final Finish Wax provides excellent gloss and wax protection on all automotive paint finishes.

This an easy to use, premium carnauba creme wax developed for body shop use. Formulated to enhance color and achieve an ultra rich, deep gloss shine. Offers safe, long-term protection on all OEM and fresh cured refinish paints. Hides hairline scratches and adds brilliant color depth & high gloss to OEM and refinish paints. Mild cleaning agents remove surface contaminants while offering long term protection for lasting beauty. Light yellow in color with a pleasant banana fragrance. For hand or machine use. BODY SHOP SAFE. CONTAINS NO SILICONE. VOC COMPLIANT.

- For best results, pre-clean finish using Allura™ P-8-Q Finish Glaze to remove minor contaminants and condition paint
- Use a high speed buffer with a WV-85-C PRO® Eliminator™ White Final Finish Foam Pad
- Use a D/A polisher with a WU-7-C PRO® White Finish Pad
