

Product Bulletin

BUG GUARD™

Product Description:

Clear liquid that, once applied to the front of the vehicle, dries completely to form a temporary, protective coating. Helps prevent paint damage from bug kill, insect residue, road contaminants and rock chips. Bug Guard™ is a biodegradable liquid that is safe and easy to use. Simply spray on surface and allow to dry. Bugs and contaminants stick to coating, not the painted finish. Love bugs, mayflies, gnats, flies, mosquitoes, dragonflies, bee pollen and other contaminants rinse away easily with water. Safe for painted, plastic, chrome, fiberglass, metal and other non-porous surfaces. Great for all cars, trucks, sport utilities, vans, motorcycles, rental cars, fleet vehicles, dealer demos, commercial vehicles, truckers, buses, police cars, fire engines, ambulances, farm equipment and more. NON-FLAMMABLE. NON-TOXIC. VOC COMPLIANT.

Product Details:

Ready To Use
Non-Flammable
Biodegradable
VOC Compliant
Water Base
Body Shop Safe
pH: 7.3
Color: Clear
Fragrance: Floral

Packaging:

Pint: S-10-P

Features & Benefits:

Clear, Temporary Protective Coating
Protects Vehicle's Front Grille, Fascia & Paint Finish Against Bugs, Insects, Rock Chips and Road Grime
Spray On, Let Dry & Rinse Off
Use Together With PRO® C-71 Bug Remover

Application: *Shake well before using. Read label before use. See SDS for more information.*

Application: Spray Bug Guard™ evenly on clean, dry surface (front part of hood, grille and lower front fascia). Allow to dry completely (approx. 5-10 minutes) before driving vehicle. Dries to high gloss, transparent coating. For faster drying, apply Bug Guard™ by wiping on surface with sponge. For best results, apply 2nd coat after 1st coat has dried completely.

Remove Coating: Spray PRO® C-71 Bug Remover or water, agitate with wash mitt or bug sponge and rinse treated area thoroughly with high pressure water. Washing treated area or hard rain will also remove coating. Not intended for long term protection. Rinse coating off after 30 days of initial application on vehicle.

Helpful Tips:

Keep from freezing (32 °F/0 °C). For best results, wash vehicle exterior using PRO® C-60 Super Car Wash. Make sure surface is completely dry before applying Bug Guard™. Not for use on windshields.

Safety Data Sheet:

GHS Compliant. SDS can be found online at www.prowax.com.
