WET 'N WIPE™ SPEED GLAZE

Product Description:

Wet 'N Wipe™ is a high gloss, liquid speed glaze designed for use on wet exterior surfaces. Effectively creates a quick water breaking action which significantly reduces drying time and eliminates water spotting. Requires no intensive rubbing or buffing. Leaves a high gloss shine as you dry your vehicle. Excellent results on all types of painted, plastic, chrome and glass surfaces. Safe for rubber side molding and trim with no hazing or whitening. VOC COMPLIANT.

Product Details:

- Biodegradable
- Non-Flammable
- Ready To Use
- VOC Compliant
- Water Base
- NPE Free
- Phosphate Free
- pH: 8.9
- Color: Light Yellow
- Fragrance: Lemon

Packaging:

Gallon: S-78

Features & Benefits:

- Quick Shine in No Time
- Enhances Finish on Wet Exterior Surfaces
- Quick Water Breaking Action Reduces Drying Time & Eliminates Water Spots
- Creates a Protective, Deep, High Gloss Shine While You Dry
- Easy To Use - Spray On - Wipe Off Formula

Application: *Shake well before using. Read label before use. See SDS for more information.*

Spraying: For best results, wash vehicle exterior using PRO® C-60 Super Car Wash and leave surface wet. Using a trigger sprayer, apply Wet 'N Wipe™ by misting or fogging directly onto wet exterior surfaces. Wipe down treated surfaces with a clean, damp chamois or microfiber towel. Use a clean, dry microfiber towel to buff surface to a high gloss.

Wiping: Spray onto micro fiber towel or wax applicator and then apply to surface, spreading product evenly and wiping with light pressure. As product dries, use another clean micro fiber towel to wipe the surface. Turn towel regularly and hand polish to a high gloss, wet look finish.

Helpful Tips:

Keep from freezing (32 °F/0 °C). Do not apply in direct sunlight or onto a hot surface.

Safety Data Sheet:

GHS Compliant. SDS can be found online at www.prowax.com.
