## AVALANCHE™ DRESSING & PROTECTANT

### Product Description:

Thick, high gloss, water base dressing designed for wiping onto tires, trim, bumpers and interiors without runs or drips. Wipes on clear and lays down immediately for an instant shine that revitalizes rubber, vinyl and plastic surfaces. Dries to a water repellent, non-tacky finish. May be diluted 1:1 with water to make a cost effective, sprayable dressing. Its non-flammable formula is ideal for all interior and exterior automotive applications. No fragrance. BIODEGRADABLE. PHOSPHATE-FREE. NPE-FREE. VOC COMPLIANT.

### Product Details:

Biodegradable  
Non-Flammable  
Concentrated  
VOC Compliant  
Water Base  
NPE Free  
Phosphate Free  
pH: 7.8  
Color: White  
Fragrance: Odorless

### Packaging:

Gallon: S-83  
5 Gallon Cube: S-83-5  
55 Gallon Drum: S-83-55

### Features & Benefits:

Great for Dashboards, Kick Panels, Door Panels, Vinyl Tops & Trim, Tires and More  
Rejuvenates Rubber, Plastic & Vinyl Surfaces  
Wipe On or Spray On

### Application: *Shake well before using. Read label before use. See SDS for more information.*

Do not use on clear plastic (instrument panels), vehicle controls (pedals, grips, steering wheels). Allow to dry on tires before moving vehicle to avoid product "sling" onto body panels. Ready to use or may be diluted up to 1:1 with water.

**Wipe Application (RTU):** Apply using a dressing applicator or sponge. Wipe a thin coat onto pre-cleaned surface and spread evenly. Leaves a rich, high gloss shine. For less gloss, continue wiping surface to attain desired gloss level.

**Tires-Wheel Wells-Engines (1:1):** Using a trigger sprayer, apply product evenly on a pre-cleaned, dry surface. Allow 3-5 minutes for product to dry. For less gloss-more economy, dilute with water and apply as above.

### Helpful Tips:

Keep from freezing (32 °F/0 °C). Do not use on clear plastic (instrument panels), vehicle controls (pedals, grips, steering wheels). Before driving vehicle, wipe off any excess material on tires to avoid unabsorbed product from slinging off tires onto body panels.

### Safety Data Sheet:

GHS Compliant. SDS can be found online at [www.prowax.com](http://www.prowax.com).
